Introduction

I'm a passionate and versatile designer with a keen eye for aesthetics and a dedication to crafting memorable digital experiences. With a background in graphic designing, web designing, and UI/UX designing, I bring a holistic approach to every project, ensuring not only stunning visuals but also seamless functionality and user satisfaction.

Education

GRAPHIC FOR WEB DESIGNING (2023)

During my journey, I pursued specialized coursework in "**Graphic for Web Designing**" from **Arena Animation**, where I delved into the intersection of graphic design principles and web design practices.

MASTER OF BUSINESS ADMINISTRATION (2022)

I pursued my **Master of Business Administration** (MBA) with Finance & Business specialisation to complement my design background with strategic business acumen.

Professional Skills

Graphic Designing

As a graphic designer, I bring a blend of creativity, technical proficiency, and attention to detail to every project I undertake.

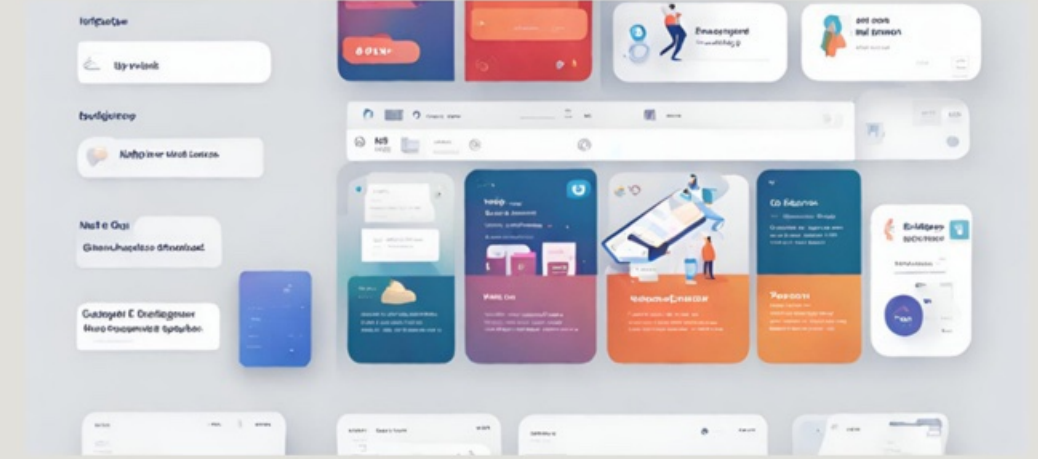

Web Designing

As a web designer, I blend creativity with technical proficiency to create visually stunning and user-friendly websites.

UI/UX Designing

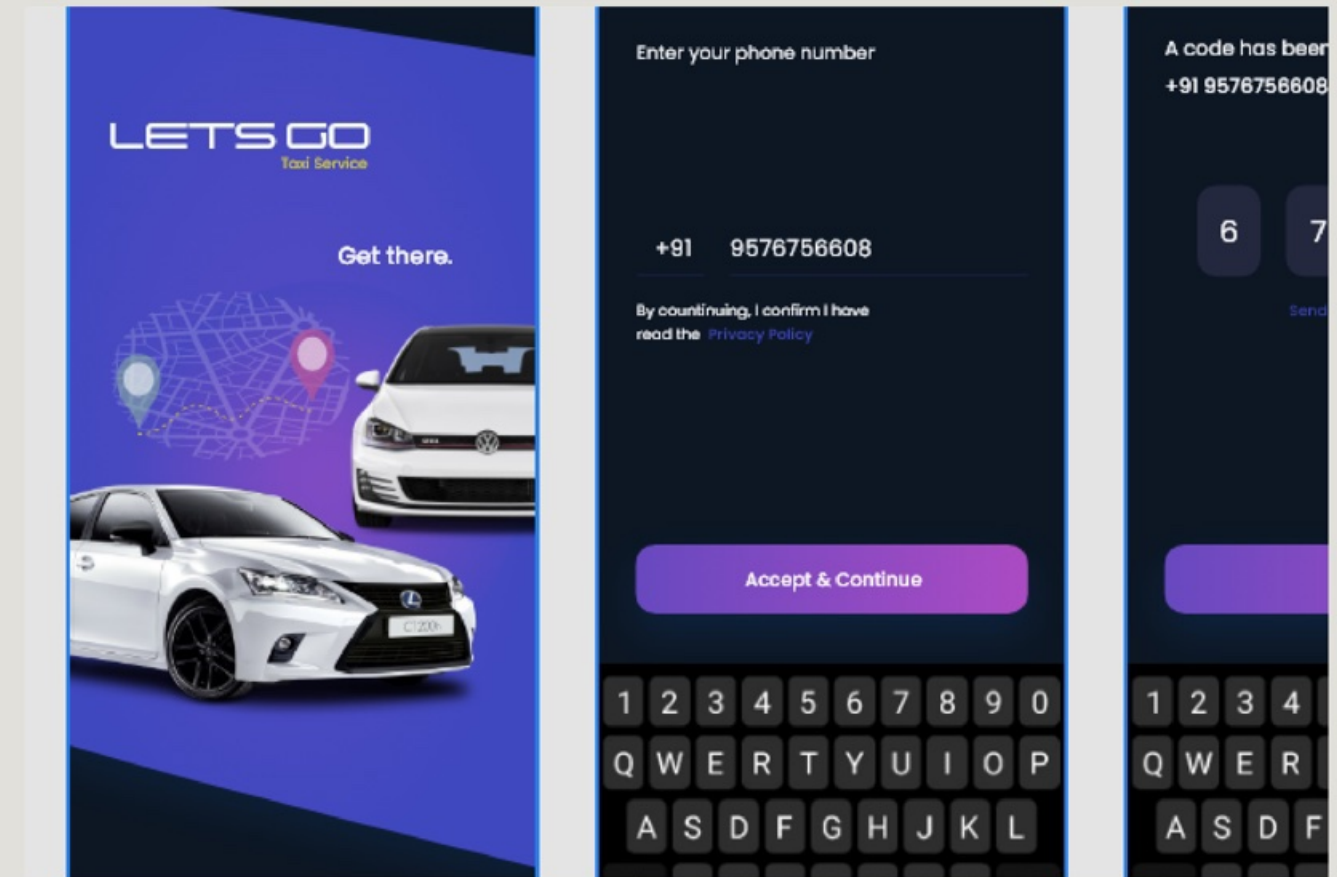

As a UI/UX designer, I'm passionate about creating seamless and intuitive digital experiences that delight users and drive results.

App Design

I have worked on multiple app designs while considering Apple and Android design guidelines.

Worked on Neumorphic designs, material designs. Sample template attached in the XD link.

Minimalist Poster Design

Introducing two thought-provoking Minimalist Poster designs, each capturing the essence of its respective theme with simplicity and elegance. These designs distill complex concepts into visually striking compositions, inviting viewers to contemplate and engage with the underlying narratives.
